## 1 3/4" LIVE ROAM'R

Sleek & streamlined realistic minnow body, precisely designed to target "roaming" crappie in use with the increasingly popular live forward-facing sonar technology. Its streamline design also makes the bait a versatile choice suitable for a wide variety of action-based techniques, including cast and retrieve, vertical jigging, dock shooting, long-line trolling and spider rigging. The bait's subtle features, from head to tail, keep swimming action tight and natural, just like that of a real minnow. The bait's symmetrical design allows multiple rigging options, including a "dying" baitfish look when rigged flat, and a "live" appearance when rigged upright 15/pak.
